Nicole,
I have forwarded the revised closure plan, site map and the inventory supplemental list for the three injection wells (cess pools) list below at Macomb Reservation state park.
Injection well number #13, Comfort Station #6
Injection well number #14, Comfort Station #7
Injection well number #5, Comfort Station #9

Our current timeline is to have the buildings and injection wells removed during the 2nd-3rd week of June, and thus a closure report will follow in late June or Early July.
